

Files and Folders Task

Version 06

You will have 30 minutes to accomplish this task.

The files for this task are located on your Testing USB drive. This drive will be referred to as X: even though the actual drive letter for your Testing USB drive will be different on your computer.

You will use “print screen” and **Word** to create files that you will upload.

- Be sure to size the picture of the screen so that **all of it** shows on one page.
 - Make sure the file extensions show and that the full path name of your folders show as well.
1. Create a folder on your Testing USB drive in the root directory and name the folder **FMV06Task**.
 2. In this new FMV06Task folder, create another folder and name it **proftest**.
 3. Display the Windows Help screen that describes **Using Sound Recorder** or how to **Record Sound** on your computer.

File 1

4. With this Help screen showing, print the **entire screen** from *Word*. Type in your name at the top of the page, **Printout 1** underneath your name, and Version 06 underneath it.
5. Save this document to your **FMV06Task** folder, naming it fm06_file1. This printout will prove your ability to locate a particular Windows Help screen.

File 2

6. Determine how much free space is on the C: drive. Print the **active window** from *Word* showing the amount of free space. Type in your name at the top of the page, **Printout 2** underneath your name, and Version 06 underneath it. Type the amount of free space underneath the active window.
7. Save this document to your **FMV06Task** folder, naming it fm06_file2.
8. On your Testing USB drive, find the file, **win.ini**

File 3

9. Open *Word* and type your name at the top of the page, **Printout 3** underneath your name, Version 06 underneath it, and type the full path name to win.ini below that.
10. Save this document to your **FMV06Task** folder, naming it fm06_file3.
11. Copy the **win.ini** file to the **proftest** folder.

File 4

12. With the contents of the **proftest** folder showing, print the **active window** from *Word*. Type your name at the top of the page, **Printout 4** underneath your name, and Version 06 underneath it.
13. Save this document to your **FMV06Task** folder, naming it fm06_file4. This printout will prove that you have created the folders, located the file, and copied the file.
14. Upload your 4 files.
